To whom it may concern,

In regards to the entrance road Mr Rossi is putting between my property and Mc Donald's, I would like to make sure you will keep in mind the Towns recommendation as to how many feet it should be from my residence.

I live at 213 Church ave - next to the entrance Mr Rossi will use for his shopping mall

I would also like to know what my rights are to request a fence on that side of my property - not a tree barrier

I have a privacy fence there but would like to have something more substantial and permanent.

Thank You for your consideration in this matter
