Instructions for Sewer Connection Assistance

Economic Hardship:

For purposes of determining sewer connection assistance, income will be determined based on the following criteria:

The exemption cannot be granted if the income of the owner, or the combined income of all the owners, exceeds the maximum income limit set by the Town of Ballston per its sewer ordinance. This limit is determined by the United States Census Bureau Poverty Level (<https://www.census.gov/data/tables/time-series/demo/income-poverty/historical-poverty-thresholds.html>)

Three times the Federal poverty level for the household referenced will be the income threshold used to determine qualification for consideration of sewer connection assistance. If the owner is married, the income of the spouse must be included in the total unless the spouse is absent from the residence due to a legal separation or abandonment. The income of a non-resident former spouse, who retains an ownership interest, is not included. Income is to be reported on the basis of the latest available preceding income tax year prior to the date of application; either 2020 or 2021 Federal tax return data is acceptable:

- all Social Security payments
- salary and wages (including bonuses)
- interest (including nontaxable interest on state or local bonds), total dividends
- net earnings from farming, rentals, business, or profession (including amounts claimed as depreciation for income tax purposes)
- income from estates or trusts
- gains from sales and exchanges
- the total amount received from governmental or private retirement or pension plans
- annuity payments (excluding amounts representing a return of capital)
- alimony or support money
- unemployment insurance payments, disability payments, workers' compensation, etc.

You will be required to submit evidence of the above. Proof is required in the form of a Federal tax return. If your property's deed is held by any other entity, proof of that entity's beneficiary's income will also be required.

Applications will be accepted through May 20th, 2022.

Persons in family/household	2020 Poverty Guideline	3 Times Poverty Guideline
1	12,760	38,280
2	17,240	51,720
